

## LeTara Wrought Iron Fence with Wood Pickets Guidelines

- Pickets must fit in between the vertical wrought iron posts.
- Pickets must be attached from the back side of the wrought iron.
- Pickets shall be #2 spruce or cedar boards only.
- Pickets shall be stained and sealed with a medium brown or semitransparent cedar tone stain.  
\*The chosen stain must match the existing wood fencing.
- When re-staining fences, proper cleaning is required prior to re-staining.
- In reference photo below, the entirety of the wrought iron frame is visible from street view.  
The pickets are the correct size, as they fit between the vertical wrought iron posts.
